

**DoD Chemical Biological Defense  
Advance Planning Briefing for Industry**

**April 6-7 2004**

**Kossiakoff Center  
Laurel, MD**

Hosted by the Joint Program Executive Office for  
Chemical and Biological Defense in cooperation with  
the National Defense Industrial Association

Welcome to this year's Advanced Planning Briefing for Industry (APBI) for the DoD Chemical and Biological Defense Program. These annual briefings are held to keep industry professionals abreast of changes occurring in our community and to continue fostering relationships that will help meet our future needs.

Many organizations which were established in response to Homeland Security initiatives recently recognized their one-year mark. We are one of those organizations. A year ago this month, the Secretary of Defense directed the implementation of a new plan for the management of the Chemical Biological Defense Program. That implementation plan created the Joint Program Executive Office for Chemical and Biological Defense (JPEO-CBD), the Joint Requirements Office, the Joint Science and Technology Office and the Joint Test and Evaluation Executive.

During these two days of detailed presentations, you will have an opportunity to learn about some of our current systems/programs and identify new areas in which your organization may be able to help us meet our goal of bringing the best technology and equipment to the force at the right cost at the right time and in the right place.

A handwritten signature in blue ink, appearing to read "Steve Reeves".

Brigadier General Steve Reeves  
Joint Program Executive Officer  
for Chemical and Biological Defense

The Chemical and Biological Defense (CBD) Division of the National Defense Industrial Association (NDIA) welcomes the opportunity again this year of helping Brig. Gen. Reeves and the JPEO-CBD staff to organize this important event. Welcome and I would like to extend my congratulations to all the elements of the Department of Defense who made this transition a success. Happy first anniversary!

The main focus of the NDIA's CBD Division is to promote the exchange of information (policy, technical and operational) related to defense of U.S. forces and people, and our interests at home and abroad, against the threat of weapons of mass destruction (chemical, biological, radiological, nuclear - CBRN) among the Defense Department and other government agencies, industry and academia.

The open exchange of information on future joint CBD program direction and scope is essential in order to form the government-industry-academia relationships and partnerships to solve the challenges of Weapons of Mass Destruction development and possible use as asymmetrical weapons. Again this year, we encourage your active participation and would appreciate your feedback on this APBI to ensure that it meets your needs and those of the government agencies charged with the execution of these vital programs.

Mr. Walter Busbee  
Vice President  
Computer Sciences Corporation

## Tuesday, April 6, 2004

- 7:00AM-8:45AM Registration and Continental Breakfast
- 8:45AM Administrative Remarks: **Mr. Walter Busbee**  
National Defense Industrial Association (NDIA)
- 9:00AM Welcome: **Brig. Gen. Stephen V. Reeves**  
Joint Program Executive Officer for Chemical and Biological Defense
- 9:15AM **Keynote Address: Dr. Dale Klein**  
Assistant to the Secretary of Defense for Nuclear and Chemical and Biological Defense Programs
- 9:45AM **COL Debra Thedford**  
Director, Chemical and Biological Programs  
Office of the Deputy Assistant to the Secretary of Defense for Chemical and Biological Defense
- 10:15AM Break
- 10:30AM **Mr. Leonard A. Izzo**  
Technical Director  
Joint Requirements Office for Chemical, Biological, Radiological, and Nuclear Defense
- 11:15AM **Ms. Terri Kocher**  
Special Assistant  
Deputy Under Secretary of the Army Operational Research (Testing and Evaluation)
- 12:00PM Lunch
- 1:00PM **Maj. Gen. Lester Martinez-Lopez**  
Commanding General  
U.S. Army Medical Research and Materiel Command
- 1:30PM **Dr. Charles Gallaway**  
Director, Chemical and Biological Defense Directorate, Joint Science and Technology Office  
Defense Threat Reduction Agency (formerly "DTRA-CB")
- 2:30PM Break
- 3:00PM Panel Discussion:  
Advice to Industry on Preparation of Proposals and Responses to Solicitations  
Brief introductions followed by open questions and answers from the audience. Questions will be collected on note cards prior to the questions and answers portion of the presentation. Microphones will be available for additional questions.
- Mr. Gary Olejniczak**  
Special Assistant for Systems Acquisition  
Joint Program Executive Office for Chemical and Biological Defense
- Ms. Lynn Selfridge**  
Chief, Chemical and Biological Operations Branch  
U.S. Army Space and Missile Defense Command
- Mr. Fred Thomas**  
Acting Executive Director  
U.S. Army Robert Morris Acquisition Center
- Mr. Jeffrey P. Parsons**  
Director of Contracting, Office of Command Contracting  
U.S. Army Materiel Command

4:30PM Reception  
JPEO-CBD One-Year Anniversary Celebration

5:30PM Adjourn

5:30PM-6:30PM (Optional) Open Forum: Industry Response to Indemnification and the SAFETY ACT (Auditorium)

### Wednesday, April 7, 2004

7:30AM-9:00AM Continental Breakfast

9:00AM Administrative Remarks: **NDIA**

9:15AM Keynote Address: **Mr. Peter Verga**  
Principal Deputy Assistant Secretary of Defense for Homeland Defense

9:45AM Break

10:00AM Joint Project Managers (JPMs) Business Opportunity Briefings Part I:  
**JPM Guardian**  
**JPM Contamination Avoidance**  
**JPM Collective Protection**

12:00PM Lunch

1:00PM Joint Project Managers (JPMs) Business Opportunity Briefings Part II:  
**JPM Chem-Bio Medical Systems**  
**JPM Individual Protection**  
**JPM Information Systems**  
**JPM Decontamination**

3:00PM Break

3:15PM Sustainment Opportunities:  
**Mr. Ray Muskeyvalley**  
Director, Product Support Integration Directorate, Chemical Biological Defense  
U.S. Army Tank-automotive and Armaments Command  
**Mr. Larry Light**  
Site Manager, Edgewood Chemical Biological Center  
Rock Island U.S. Army Research Development Engineering Command  
**Mr. Joseph Wienand**  
Acting Director of Engineering  
U.S. Army Research Development and Engineering Command

4:00PM Closing Remarks: **Brig. Gen. Stephen Reeves and Mr. Walter Busbee**

4:15PM Adjourn
