

**Directorate of Equipment  
Capability  
(Expeditionary Logistics and  
Support)**

**DEC (ELS)**

# Who is DEC (ELS)?

The amalgamation of DEC Combat Service Support (CSS) with DEC Deploy, Sustain, Recover (DSR) to form DEC (ELS) led by a 1-star.

The DECs re-aligned under three CMs, named Precision Attack (PA), Battlespace Manoeuvre (BM) and Information Superiority (IS).

DEC (ELS) falls under the guidance of CM (BM).

Created to provide greater coherence as the ECC strives to deliver sustainable force packages that demand a balance of investment between manoeuvre capability in the joint battlespace and the optimal logistic footprint.

# DEC (ELS) Mission

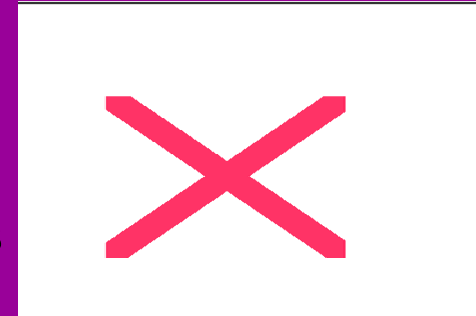

**DEC (ELS) is to drive the delivery of the joint logistic capability necessary to deploy, sustain, support and save life on all UK deployed operations.**

# DEC (ELS) Vision Statement

By 2006, to have established DEC (ELS) as Customer 1 and Core DEC Logistics throughout the MOD's logistic, medical and Network Enabled Capability hierarchies; producing an Equipment Plan that is affordable, enduring and well understood by the DPA and fully supported by Customer 2 Stakeholders.

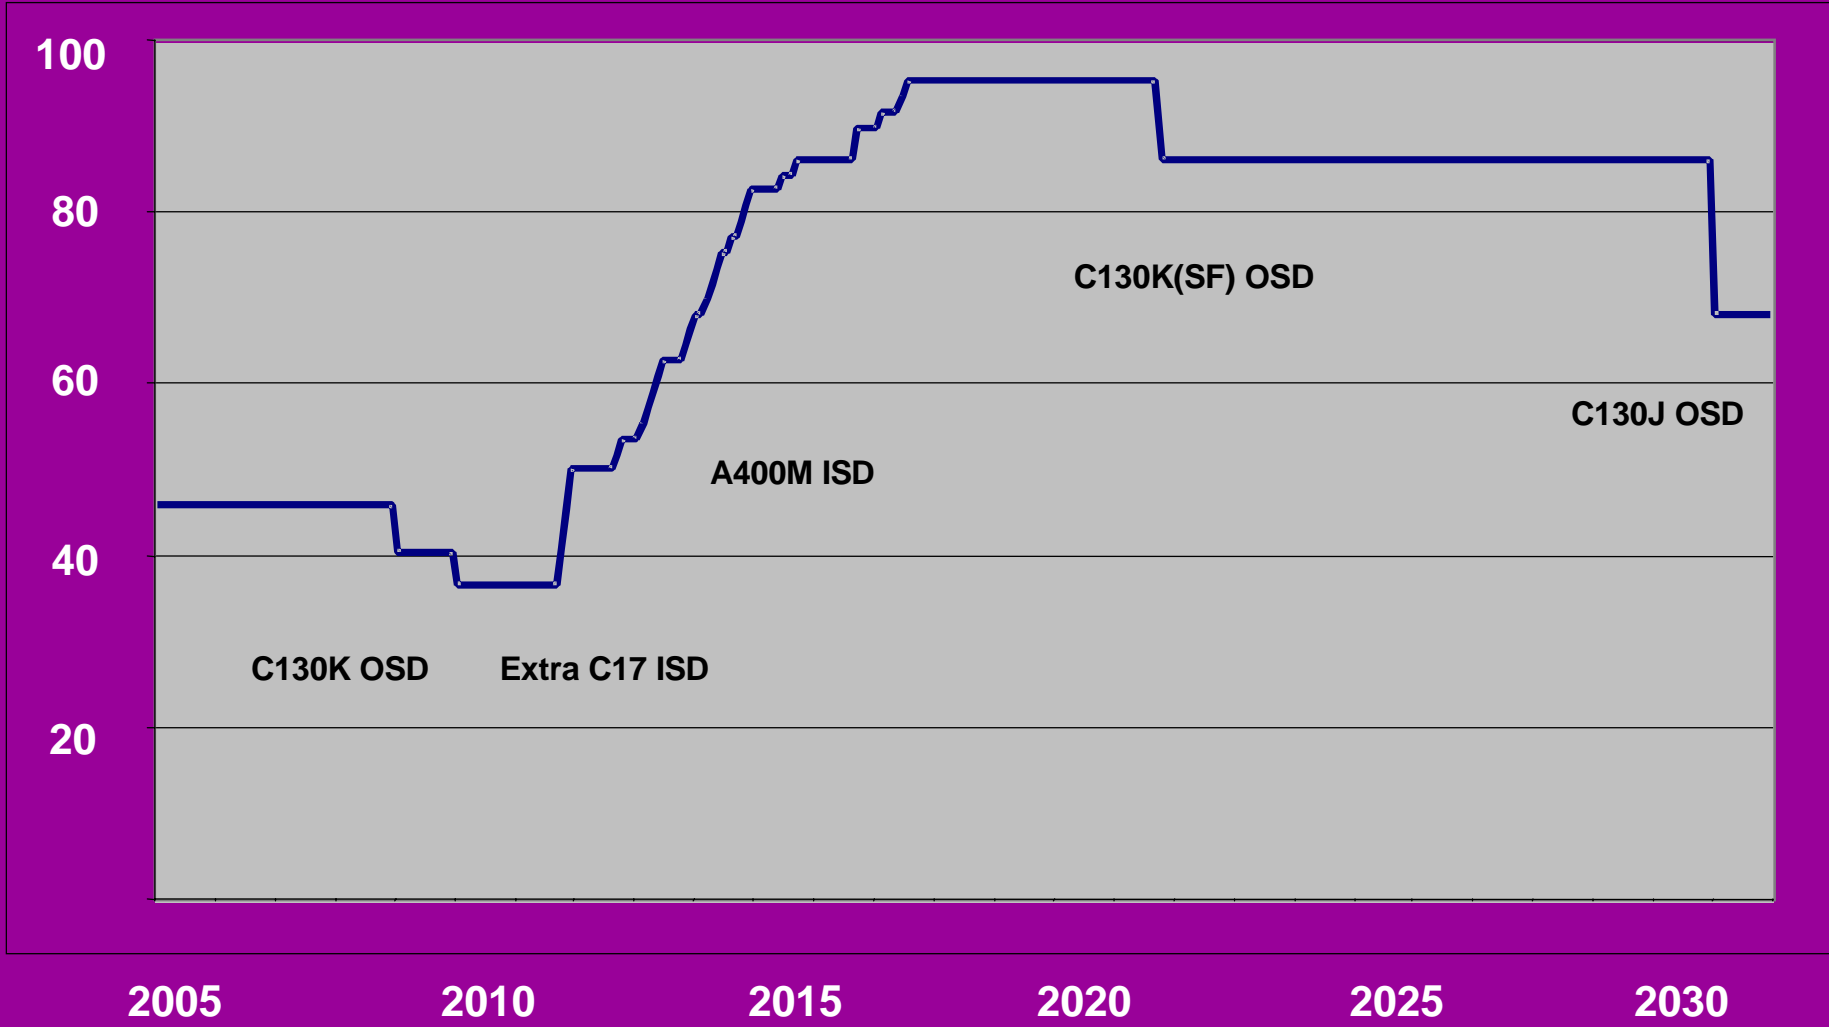

# Strategic Reach Issues

The strategic movement of resources into theatre and the provision of intra-theatre mobility through air transport and sea-lift.
