A Message from Our Former Commander

As I depart from DSCC, I wanted to take this opportunity to thank each of you for the tremendous support you have provided to the Soldiers, Sailors, Airmen and Marines who defend our freedom. Over the past two years in an environment of ever increasing demands from our customers, you favorably responded to our calls for expedited deliveries and increased support and recommended solutions for even better support in the future.

I enjoyed meeting many of you during our previous two Suppliers Conferences. Your enthusiasm and dedication to delivering your products to meet our requirements is invigorating. It was a special honor to present our first Business Excellence awards during last year’s conference.

Your overwhelming support to the War Fighter exemplifies the commitment to freedom upon which our great nation was founded. I thank you for your past and continued support. As I turn over the helm to Rear Admiral Lilli, I am confident the Supply Chain relationships we have forged will grow even stronger.

Linda J. Bird
Rear Admiral, SC, USN
From the DSCC Commander

Welcome to the 2005 Land and Maritime Supply Chains Business Conference and Exhibition. I am delighted you are joining us and grateful for the opportunity to meet you so early in my command tour.

I am also pleased we are again partnering with the National Defense Industrial Association (NDIA) to produce this event. My staff and NDIA personnel have worked very hard to make this a meaningful experience and look forward to your participation and feedback.

This year’s conference theme, “Land & Maritime Supply Chains… Building Relationships for Freedom,” reflects the importance of collaboration and communication between government and private industry. In this era of “Transformation” throughout the Department of Defense, our collective abilities to share information quickly and openly will enhance our mutual agility in reacting to our customer’s changing needs. Thus, by working to improve and build on established relationships, we continue to make it possible to provide the best value to the American public and the most effective systems to support the war fighter.

I look forward to the exchange of information and ideas. On behalf of the men and women of the armed forces who defend our shores and freedom around the world, please accept my thanks for your support.

C. M. LILLI
RDML, SC, USN
Commander
The theme of the Land & Maritime Supply Chains Business Conference & Exhibition is:

“Land & Maritime Supply Chains......Building Relationships for Freedom”

The Land and Maritime Supply Chains Business Conference theme reflects our transformation initiatives designed to cultivate responsive, meaningful, and measured collaborative relationships with our supply chain partners and our military customers’ requirements. The conference will provide multiple forums to facilitate an exchange of information to include: an update on DLA's Business Systems Modernization Program (BSM) as we approach full implementation agency-wide; new Information on building Strategic Supply Chain Relationships; the latest information on Radio Frequency Identification Shipment Tracking Program (RFID) and the various types of tags and dates of implementation; our New Wide Area Workflow (WAWF) which targets the elimination of late payments and interest penalties; our evolving DoD EMALL (our targeted customer web-based ordering platform). We look forward to having you join us to exchange information with the Land and Maritime Supply Chains Leadership and obtain the latest news on other topics, programs, and initiatives of interest to those companies interested in pursuing Government Business. In addition we have general keynote speakers from the military services who will provide updates in our customers' operational requirements and transformation initiatives.

“The Department of Defense finds this event meets the minimum regulatory standards for attendance by DoD employees. This finding does not constitute a blanket approval or endorsement for attendance. Individual DoD component commands or organizations are responsible for approving attendance of its DoD employees based on mission requirements and DoD regulations.”

Throughout the world, the Defense Supply Center Columbus is known to more than 24,000 military and civilian customers and 10,000 contractors as one of the largest suppliers of spare parts. DSCC is a field activity of the Defense Logistics Agency which has its headquarters in Ft. Belvoir, Va.

Today, DSCC's state-of-the-art supply chain system connects business processes from the supplier to the customer through the Land and Maritime supply chains. Managing two of DLA's eight supply chains, DSCC buys and supplies more than 1.6 million items within those supply chains with a partnering agreement with two other DLA defense supply centers. DSCC accounts for more than $2.8 billion in annual sales.

The current DSCC Commander is Rear Admiral Charlie Lilli, SC, USN. The DSCC Deputy Commander is Mr. James M. McClaugherty. The Chief of Staff is Colonel William F. Goad, USAF.

DLA's vision and mission are the foundation statements for DSCC’s commitment to the Nation’s Armed Forces. DSCC aligned its FY ’04 Business Plan initiatives with the DLA Strategic Plan goals to ensure constancy of purpose in meeting the readiness needs of America’s Warfighters.

DSCC’s corporate identifier, The DSCC Way, illustrates the principle components of DSCC’s culture and business interpersonal ethics. The identifier defines the Center’s expectations about customer support and the values it promotes among its associates.

This Center, now called the Defense Supply Center Columbus, has served in every major military engagement since World War I. In 1917, America’s production effort in World War I reached a dilemma, when supply lines to ports of embarkation for troops and material were filled to capacity. This site, originally a combination of swamp land and farmland, filled the need for a logistics center because it afforded immediate access to three important railroad lines and was centrally located amongst U.S. manufacturing centers. In April 1918, the U.S. Army Quartermaster Corps purchased 281 acres of land to construct a government military installation now known as DSCC. Warehouse construction began in May of that year, and by August, six warehouses were receiving material for storage. Those warehouses were still in use at the turn of the millennium.

The lull between WWI and WWII reduced Center operations to mostly reconditioning and sales of wartime stockpiles, and in the 1930s, the center became a regional headquarters for the Civilian Conservation Corps.

During WWII the Center became the largest military supply installation in the world. In December 1942, an additional 295 acres were purchased. With more that 10,000 civilian employees, it played a large part in the overall war effort. Near the end of the war, some of the warehouses were turned into secured barracks to house hundreds of prisoners of war.

Amidst the wars, the conflicts and humanitarian relief efforts, the installation has continuously worked to establish direct and fast moving supply lines to support U.S. troops in all parts of the world.

The installation’s operational activities were assigned to the U.S. Army Supply and Maintenance Command in July 1962. The following year, it became the Defense Construction Supply Center under what is presently known as the DLA.

DSCC was formed from the 1993 Base Realignment and Closure Commission-ordered merger of the former Defense Construction Supply Center and the former Defense Electronics Supply Center in Dayton, Ohio. The merger provided the installation with its 14th name change, thus becoming the Defense Supply Center Columbus in January 1996.
On-Site Registration Area
The Registration area is located in the Hyatt Regency At Greater Columbus Convention Center foyer. Conference badges will be distributed from the registration counter. You must have a Government issued picture identification in order to pick up your conference badge.

**BADGES MUST BE WORN AT ALL TIMES IN THE CONFERENCE AND EXHIBIT AREAS**

Reception and Networking Opportunities

**Opening Reception**
The first opportunity to view the DSCC Conference Exhibits will take place at 5:00 p.m. on Monday, August 29, 2005 in Battelle Hall. Hors d’oeuvres will be served during the reception.

Tuesday’s reception will also be in the DSCC Conference in Battelle Hall from 6:00 p.m. until 7:30 p.m., August 30, 2005 immediately following the Excellence Awards Ceremony. Hors d’oeuvres will be served during the reception.

**Exhibit Hours**
Monday, August 29  5:00 p.m. – 7:00 p.m.
Tuesday, August 30  9:00 a.m. – 7:30 p.m.
Wednesday, August 31  9:00 a.m. – 1:00 p.m.

Monday and Tuesday’s reception will be held in Battelle Hall in the Greater Columbus Convention Center.

**Conference General Session Area**
The General Sessions will be located in the Hyatt Regency Hotel in the Regency Ballroom.

**Breakout Session Area**
The Breakout sessions will be located in the Hyatt Regency Hotel. Breakout sessions will be posted with signage at each room.

**Conference Attire**
Civilian – Business (Coat and Tie)
Military – Class A Uniform

**Parking**
Parking is available at the Hyatt Regency At Greater Columbus Convention Center Parking Lot.

Land & Maritime Supply Chains
Business Conference & Exhibition

“Land & Maritime Supply Chains……Building Relationships for Freedom”

Monday, August 29, 2005

8:00 a.m.  Onsite Registration Opens

12:00 p.m.  Defense Supply Center Columbus (DSCC) Tour (Buses depart Hyatt Regency Columbus At Greater Columbus Convention Center for DSCC)
1.  DSCC Briefing
2.  Command Suite
3.  Small & Disadvantaged Business Utilization Office
4.  Command and Control Center
5.  Test Lab
(The DSCC Facility Tour is limited to the first 150 people to sign up. You must be registered for the conference in order to participate in the tour.)

4:00 p.m.  Return to Hyatt Regency Columbus At Greater Columbus Convention Center

5:00 p.m. -  OPENING RECEPTION IN BATTELLE HALL (Exhibit Area)
6:30 p.m.

Tuesday, August 30, 2005

7:00 a.m.  Registration and Continental Breakfast

7:45 a.m.-  Buyers and Administrators Networking Room
4:30 p.m.  A separate room will be available (excluding during lunch) by appointment for Suppliers to network with DSCC Buyers and Administrators.

7:45 a.m.  Welcome / Administrative Remarks
Commander Patrick W. Blesch, SC, USN
Chief, Electronic Support Unit

7:55 a.m.  Posting of Colors
Joint Service Color Guard

8:00 a.m.  National Anthem
Ms. Lisa M. Griffin
Defense Supply Center Columbus
8:05 a.m. Opening Remarks  
**Rear Admiral Charlie Lilli, SC, USN**  
Commander, Defense Supply Center Columbus

8:15 a.m. Vice Admiral Keith W. Lippert, SC, USN  
Director, Defense Logistics Agency  
“DLA: Transformation in Support of the Warfighter”

9:00 a.m. Mr. James M. McClougherty, SES  
Deputy Commander, Defense Supply Center Columbus  
“The Land & Maritime Supply Chain Rollout”

9:45 a.m. Dr. Douglas M. Lambert  
Professor, The Raymond E. Mason Chair in Transportation and Logistics, Fisher College of Business, The Ohio State University  
“Building High Performance with Suppliers”

**DoD EMALL Demonstration/Overview:** The DoD EMALL will be the DoD customer’s first choice to search, find, compare and buy commercial and military products and services. Through the DoD EMALL, Defense Department and other federal government purchasers can access more than 15 million products from nearly 800 suppliers in a secure environment that allows cross-catalog shopping for best value selection of items needed on the job.

**Distribution Planning Management System:** The Defense Distribution Center will present a live demonstration of the Distribution Planning Management Systems. DPMS is an initiative within the Defense Logistics Agency that creates a streamlined and enterprise-wide distribution system. DPMS is designed as a web-based tool that combines optimization capabilities of commercial software with existing automated capabilities within DLA. DPMS provides many advantages for the Supply Centers’ vendor base. Using DPMS, vendors receive real time addresses for Department of Defense and Foreign Military Sales (FMS) customers. Military Standard 129 shipping labels are produced through DPMS and printed at the vendor locations and this expedites shipment processing and may result in quicker payments to DLA vendors. Enterprise Transportation (ET) is the centralization of transportation management and support to the DLA vendor base. ET serves as the bridge between how DLA provided transportation support from the Supply Centers to the vendors, until full implementation and roll out of DPMS. The DPMS and ET programs are managed and operated by the lead center for distribution, Defense Distribution Center (DDC).

**DFAS Your Financial Partner @ Work:** The staff of the Defense Finance and Accounting Service of Columbus Ohio and the HQ Defense Contract Management Agency will present a briefing on current strategic initiatives designed to streamline the processing and completion of contract payments. Where used, WAWF virtually eliminates late payments and interest penalties. Vendors save time associated with mailing and processing documents through the Defense Finance and Accounting Service.

**Radio Frequency Identification (RFID):** The Office of the Assistant Deputy Under Secretary of Defense (Supply Chain Integration) and The Defense Supply Center Columbus Procurement Policy Group Staff will present a briefing on Radio Frequency Identification Technology (RFID) and the various types of tags and dates of implementation.

**DSCC Small Business Program/Sourcing Initiatives & Overview of Automated Acquisition Programs/Systems (e.g. DIBBS):** The Defense Supply Center Columbus Small Business Center will present a briefing on the DSCC outreach initiatives designed to increase the sourcing of contracts to small businesses. You will gain knowledge about small business initiatives and gain insight in understanding the complexities of DSCC’s procurements. Time is allotted for questions and answers.

**DCMA Mission & Functions:** The Defense Contract Management Agency will present a briefing on the functions performed by the Defense Contract Management Agency Specialists who perform a variety of Post Award Functions, many unrelated to payment such as quality assurance, product acceptance services and engineering support services.

**Land Supply Chain:** The Defense Supply Center Columbus Land-Based Weapon Systems Group will provide an overview on the Vision, Mission & Functions of the Land Supply Chain & Detachments, Strategic Supply Chain Relationships and an emphasis on Contract Award & Contract Administration. Time is allotted for questions and answers.

**Maritime Supply Chain:** The Defense Supply Center Maritime Weapon Systems Group will provide an overview on the Vision, Mission & Functions of the Maritime Supply Chain & Detachments, Strategic Supply Chain Relationships and an emphasis on Contract Award & Contract Administration. Time is allotted for questions and answers.
The Automated Best Value System (ABVS) is a computerized system, which collects a vendor’s past performance data and translates it into a numeric score.

ABVS scores range from zero to a perfect score of 100. The Contracting Officer uses these scores as an additional evaluation factor when making best value award decisions.

The DSCC Center Score from the January 5, 2004 monthly update to the January 5, 2005 monthly update was used for selecting the DSCC 2004 Recognition for Excellence Awards. The criteria for this year’s selections were:

<table>
<thead>
<tr>
<th>Level</th>
<th>Contract Lines</th>
<th>Center Score</th>
</tr>
</thead>
<tbody>
<tr>
<td>Gold</td>
<td>50+</td>
<td>100</td>
</tr>
<tr>

Rear Admiral Charlie M. Lilli, SC, USN, became Commander of Defense Supply Center Columbus in Columbus, Ohio, on Aug 16, 2005.

As DSCC’s Commander, Rear Admiral Lilli oversees an operating budget of $2.8 billion. He also directs the functions of more than 2,500 associates involved in purchasing materiel, monitoring inventory levels, maintaining technical data and assuring quality conformance of more than 1.6 million spare and repair parts used by more than 24,000 military units and civilian federal agencies. DSCC had sales of $2.8 billion in 2004 with procurements in excess of $2.3 billion.

Rear Admiral Lilli came to DSCC from an assignment as Chief of Staff, Naval Supply Systems Command, Mechanicsburg, Pa. Prior to that assignment he served as Executive Assistant to Deputy, Chief of Naval Operations for Resources, Requirements and Assessment (OPNAV N8).

Rear Admiral Lilli has earned qualifications as a Surface Warfare Officer, Surface Warfare Supply Officer, and Aviation Supply Officer. His tours afloat began with a tour as assistant Supply Officer, USS California (CGN-36), and as Supply Officer in USS Kidd (DDG-993), USS Supply (AOE-6), and USS Essex (LHD-2).

Rear Admiral Lilli’s assignments ashore include Commissary Store Officer, Branch Commissary Store Officer, NAS Oceana, Supply Management Inspector, Readiness Support Group, Norfolk, Supply Officer, Commander Destroyer Squadron Group 2, Director, Ships Systems and Planning and Operations Research, NAVICP Mechanicsburg, Deputy Commander, Supply Chain Management, Navy Supply Systems Command, Head Readiness Analyst, OPNAV N80, and Executive Assistant to Deputy, Chief of Naval Operations for Resources, Requirements and Assessment (OPNAV N8).

A native of East Stroudsburg, Pa., Rear Admiral Lilli earned his bachelor’s degree at Muhlenburg College, Allentown, Pa., and was commissioned in 1980 through the Officer Candidate School as an Ensign in the Navy Supply Corps. He received a master’s degree in inventory management from the Naval Postgraduate School, Monterey, Calif.

His personal awards include the Legion of Merit, the Meritorious Service Medal (fourth award), the Navy Commendation Medal (fifth award), and the Navy Achievement Award.
The Defense Logistics Agency, headquartered at Fort Belvoir, Va., is responsible for providing the Army, Navy, Air Force, Marine Corps and other federal agencies with a variety of logistics, acquisition and technical services in peace and war. These services include logistics information, materiel management, procurement, warehousing and distribution of spare parts, food, clothing, medical supplies and fuel, reutilization of surplus military materiel and document automation and production. This worldwide mission is performed by approximately 23,000 civilian and military personnel.

Prior to coming to DLA, Vice Admiral Lippert was the Commander, Naval Supply Systems Command and 41st Chief of Supply Corps since August 1999. From 1997 to 1999, he served as Vice Commander, Naval Supply Systems Command.

Vice Admiral Lippert is a native of Chicago, Ill., and graduated from Scotch Plains-Fanwood High School in Fanwood, N.J. in 1965. He earned his commission through the regular Navy ROTC Program, graduating from Miami University, Oxford, Ohio, with a Bachelor of Arts degree in Mathematics in 1968. Additionally, he holds Master’s Degrees from the Naval Postgraduate School in Management and in Operations Research (with distinction). In 1994, he attended the Senior Executive Program in National and International Security at the John F. Kennedy School of Government, Harvard University.

Vice Admiral Lippert’s sea duty tours include Supply Officer, USS Queenfish (SSN 651), Assistant Supply Officer, USS Simon Lake (AS 33), and Supply Officer, USS Canopus (AS 34). Shore duty tours include assignments as Assistant Comptroller, Commander Submarine Force, U.S. Pacific Fleet; Operations Research Officer at the Navy Ships Parts Control Center, Mechanicsburg, Pa.; Inventory Analysis Staff, Naval Supply Systems Command, Washington, D.C.; Executive Officer, Naval Supply Center, Jacksonville, Fla.; and Director, Spares Programs and Policy Branch in the Office of the Deputy Chief of Naval Operations for Logistics.

In 1990 he rejoined the Naval Supply Systems Command as the Deputy Commander for Financial Management/Comptroller, with budget responsibility for a worldwide, multibillion-dollar supply system. While serving as Comptroller he was also responsible for Navy’s successful Inventory Reduction Program. From July 1993 to July 1995, Vice Admiral Lippert served as the Commander, Defense General Supply Center, Richmond, Va. In August 1995, he became the first Commander, Naval Inventory Control Point, with offices in Philadelphia, Pa., and Mechanicsburg, Pa.

His personal awards include the Defense Superior Service Medal, three Legion of Merits, four Meritorious Service Medals, two Navy Commendation Medals, Navy Achievement Medal, and Submarine Supply Dolphins. He is the recipient of the Society of Logistics Engineers 1992 International Award for outstanding performance in financial management/inventory control.
James M. McClaugherty is the Deputy Commander of the Defense Supply Center, Columbus, Ohio. As the deputy, he is co-responsible for the operation of the one-square-mile military supply center. This includes the professional activities of DSCC’s more than 2,200 associates. He is directly responsible for the center’s inventory control point functions to include management of over 1.6 million spare and repair parts and an operating budget of $2.8 billion. In 2004, the inventory control point’s sales were $2.8 billion and its procurements were in excess of $2.3 billion. He became Deputy Commander in April 2003.

Born in Charleston W. Va., Mr. McClaugherty grew up in Delaware and Connecticut, and now resides in Westerville, Ohio. A retired Air Force Colonel with 30 years of military service, Mr. McClaugherty earned a bachelor’s degree in History from Trinity College, in Hartford, Conn. in 1970, and a master’s degree in Logistics Management from the Air Force Institute of Technology at Wright-Patterson AFB, Ohio, in 1979.

His 30-year career included an Air Staff tour in the Pentagon from 1983-1988 and the command of Johnston Atoll in the Pacific Ocean from 1989-1990. At the Air Force Logistics Center, Kelly Air Force Base, San Antonio, Texas, Mr. McClaugherty was the Engine Division Chief from 1990 to 1992, the Director of Commodities from 1992 to 1993, the Director of Propulsion from 1993 to 1994 and the Single Manager for Propulsion from 1994 to 1995. He became the DSCC Director of Readiness and Business Operations from 1995 until his military retirement in 2000. For eight months in 1998 he was the acting Deputy Commander of DSCC.

After his retirement from the Air Force, Mr. McClaugherty accepted the civilian position of deputy director of DSCC’s Readiness and Business Operations Office, and in July 2002 became the office’s civilian director. In this position, he was the principal staff advisor to the DSCC Commander and Deputy Commander on all aspects of Inventory Control Point plans and operations. He was delegated authority to monitor, oversee, evaluate, and direct the efforts of principal staff elements and five major inventory control point directorates. He held this position until being named DSCC Deputy Commander in April 2003.

His awards include two Defense Superior Service Medals, the Legion of Merit and the Airman’s Medal for peacetime heroism as well as the Exceptional Civilian Service Award.
Douglas M. Lambert is the Raymond E. Mason Chair in Transportation and Logistics and, director of The Global Supply Chain forum, Fisher College of Business, at The Ohio State University. Dr. Lambert has served as a faculty member for over 500 executive development programs in North and South America, Europe, Asia, and Australia. He is editor of *Supply Chain Management: Processes, Partnerships, Performance*; author of *The Development of an Inventory Costing Methodology, The Distribution Channels Decision, The Product Abandonment Decision*; and, co-author of *Management in Marketing Channels, Fundamentals of Logistics Management* and *Strategic Logistics Management*. His publications include more than 100 articles, the most recent of which appeared in the December 2004 issue of *Harvard Business Review*. In 1986 Dr. Lambert received the CLM Distinguished Service Award for his contribution to logistics management. He holds an honors B.A. and MBA from the University of Western Ontario and a Ph.D. from The Ohio State University. Dr. Lambert is co-editor of the *International Journal of Logistics Management*. 
Lieutenant General Amos graduated from the University of Idaho in 1970. He was designated a Naval Aviator in 1971, and has held a variety of operational and staff assignments since 1972.

Lieutenant General Amos’ staff assignments include tours with Marine Aircraft Groups 15 and 31, the III Marine Amphibious Force, Training Squadron Seven, The Basic School, and with the MAGTF Staff Training Program. Promoted to Brigadier General in 1998 he was assigned to NATO as Deputy Commander, Naval Striking Forces, Southern Europe, and as the U.S. Deputy Commanding General, Fleet Marine Forces, Europe, Naples Italy. During this tour he commanded NATO’s Kosovo Verification Coordination Center, and served as Chief of Staff, U.S. Joint Task Force Noble Anvil during the air campaign over Kosovo. Transferred in 2000 to the Pentagon, he was assigned as Assistant Deputy Commandant for Aviation. Reassigned in December 2001, Lieutenant General Amos served as the Assistant Deputy Commandant for Plans, Policies and Operations Department, Headquarters, Marine Corps.

Lieutenant General Amos is a graduate of the Armed Forces Staff College, Norfolk, VA and the Air War College, Maxwell AFB, AL. His personal decorations include the Distinguished Service Medal, Defense Superior Service Medal, the Legion of Merit (two awards), the Bronze Star, Meritorious Service Medal, Joint Service Commendation Medal, the Navy and Marine Corps Achievement Medal, as well as numerous campaign and service awards.
