20. How do I submit a quote on DIBBS?

A user must be registered and logged into DIBBS in order to submit quotes.

Through Web Form Quoting, find your Solicitation via the RFQ Search and then click on the  [quote](#) icon displayed next to the solicitation number on the search results.

- After finding a solicitation on which you would like to submit a quote click on the "Quote" button. If you are not already logged on, you will be prompted to do so.
- Business rules for submitting quotes are available via on-line help.
- Click on "Submit" after completing the quote form and reviewing the synopsis of your quote for accuracy.
- The system will provide a message that the quote submittal was "Successful" or "Unsuccessful."
- Submitted quotes may be viewed until such time that the requirement is awarded/cancelled. Revisions to quotes submitted on behalf of a CAGE will overlay any previously submitted quote for the same requirement.
- Users are reminded that representations and certifications incorporated in individual quotes are binding in their entirety. Any penalties for misrepresentation contained in the referenced provisions still apply (e.g. penalties for misrepresentation of business status under FAR 52.219-1, paragraph (d)(2)).

If you know the solicitation number which you would like to quote, you may use Fast Trak Quoting and go directly to step one of the quote form by-passing the RFQ search.

(Enter without dashes or spaces)

You can also quote on multiple solicitations through Batch quoting. Batch Quoting allows quotes on DSCC Request for Quotations to be batch uploaded. Quotes are prepared offline in a prescribed comma delimited format then uploaded via the Internet. You can find batch download files from the Welcome page (when you first log-on to DIBBS) or under the "Solicitation" tab on the Home page.
