# LXE RFID Development

- Emphasize Open Standards Solution
  - Vendor/Technology Independent
  - Working with Key of RFID Partners
  - Working with LXE VAR Partners
- LXE Objectives
  - Make RFID Read/Write Capability a Standard Offering
  - Leverage Technology Strengths of LXE & EMS
  - Leverage Customer Investments in Infrastructure and Clients as they Move to RFID
- Requirements Approach
  - Industry Group participation (EPCglobal, AIM, REG)
  - Key Customer Research (End User & VARs)

## RFID in Motion - *Don't Get Caught Standing Still*
