Versatile & Unique

The National Guard can operate in three distinct legal statuses:

- **Title 32 Duty Status (Title 32 USC)** -- where the Guard most commonly trains and operates:
 - Domestic Missions
 - State Command
 - Federal Funding
- **State Active Duty (per State Law):**
 - State Domestic Missions
 - State Command
 - State Funding
- **Federal Active Duty (Title 10 USC):**
 - Federal Worldwide Missions
 - Federal Command
 - Federal Funding

The nature of the mission typically drives the best legal status in which to operate

The Role of the NGB Joint Staff

The NGB Joint Staff supports the Chief in his role to:

- Serve as the *primary advisor on the employment* (channel of communication) *of National Guard* military forces operating in U.S. States and Territories
- *Plan for and coordinate the operational employment, as required, with the appropriate* JFHQ, Combatant Commanders, the Chairman, the Secretaries and Chiefs of the Army and the Air Force, and the Federal Interagency (**Force Coordinator**)
- *Support the development of operational capabilities, concepts, and plans* for Domestic Operations involving National Guard forces
