

Second Annual Modeling & Simulation Leadership Summit
26 February, 2007 – Chesapeake Conference Center, Chesapeake, VA

Agenda

Sunday, 25 February

- 1800 Hosted Welcome Reception
Sponsored by *Virginia Economic Development Partnership*
(Lake Christopher/Lake Drummond rooms, Holiday Inn Chesapeake)

Monday, 26 February

- 0700 Registration (*Rotunda*) & Continental Breakfast (*Promenade*)
- 0800 Welcome and Opening Comments (*Washington Room*)
RADM Fred Lewis, USN (Ret), President, National Training and Simulation Association (NTSA)
Congressman J. Randy Forbes (VA-04), Chairman, Congressional Modeling & Simulation Caucus
- 0830 Issues: Industrial Development – Status and Proposed Actions
Mr. Russ Hauck, Executive Director, National Center for Simulation
Mr. Michael Papay, Director of Engineering, Northrop Grumman
- 0845 Table Discussions: Industrial Development
- 0915 Issues: Business Practice – Status and Proposed Actions
Mr. David Rees, Senior VP for Operations (Analysis, Simulation, Systems Engineering and Training (ASSET) Business Unit), Science Applications International Corporation (SAIC)
Mr. Brad Spearing, President, Ternion Corporation
- 0930 Table Discussions: Business Practice
- 1000 Break (*Promenade*)
- 1015 Issues: Professional Development – Status and Proposed Actions
Mr. Bill Tucker, M&S Chief Scientist, Boeing Integrated Defense Systems, The Boeing Company
- 1030 Table Discussions: Professional Development
- 1100 Issues: Technology – Status and Proposed Actions
Mr. Bill Waite, President, The AEGIS Technologies Group, Inc.
Lt Col Emily Andrew, USAF, Division Chief, Joint Technology & Simulation Division, U.S. Joint Forces Command J7
- 1115 Table Discussions: Technology

Agenda (Continued)

- 1145 Highlight on Issues: DoD Leadership in Modeling & Simulation
Mr. Fred Hartman, Deputy Director, Readiness & Training, Office of the Secretary of Defense
- 1215 Q&A: DoD Leadership in Modeling & Simulation
- 1230 Luncheon (*Jefferson Room*)
- 1330 Highlight on Issues: Modeling & Simulation as a Critical Technology
Mr. Keith Seaman, Senior Advisor, Command & Control Modeling & Simulation, SAF/XCO
- 1400 Q&A: Critical Technology
- 1415 The Growing Importance of Modeling & Simulation to Joint Operations and Training
Mr. Gregory F. Knapp, Deputy Joint Force Trainer, Capabilities Development, Joint Forces Command
- 1445 Highlight on Issues: Modeling & Simulation: A National Enterprise
RADM Fred Lewis, USN (Ret), President, NTSA
- 1515 Q&A: Modeling & Simulation: A National Enterprise
- 1530 Break (*Promenade*)
- 1545 Out-Brief to Caucus on Proposed Congressional Agenda Items
Industrial Development – Mr. Russ Hauck
Business Practice – Mr. David Rees
Professional Development – Mr. Bill Tucker
Technology – Mr. Bill Waite
- 1645 Caucus Commentary
Congressman J. Randy Forbes, (VA-4) Chair, Modeling and Simulation Caucus
- 1700 Closing Remarks and Next Steps
- 1715 No Host Reception (*Promenade*)

Each Issue session will consist of a 15 to 20 minute presentation followed by group discussion at individual tables. Attendees will be seated at round tables of 10, and each table will have an assigned Table Captain. For each session, each table will discuss and prioritize the relevant issues and their recommendations for action. The Table Captains will record these issues and recommendations on cards to be collected at the conclusion of each 45-minute session. Responses will be used to prepare for the Out-Briefs to the Caucus at 1545.
