

U.S. Army
Aviation and Missile Research, Development, and Engineering Center

How Do We Succeed in the 21st Century

Presented to

**National Defense Industrial
Association
April 29, 2003**

Presented by:

William C. McCorkle

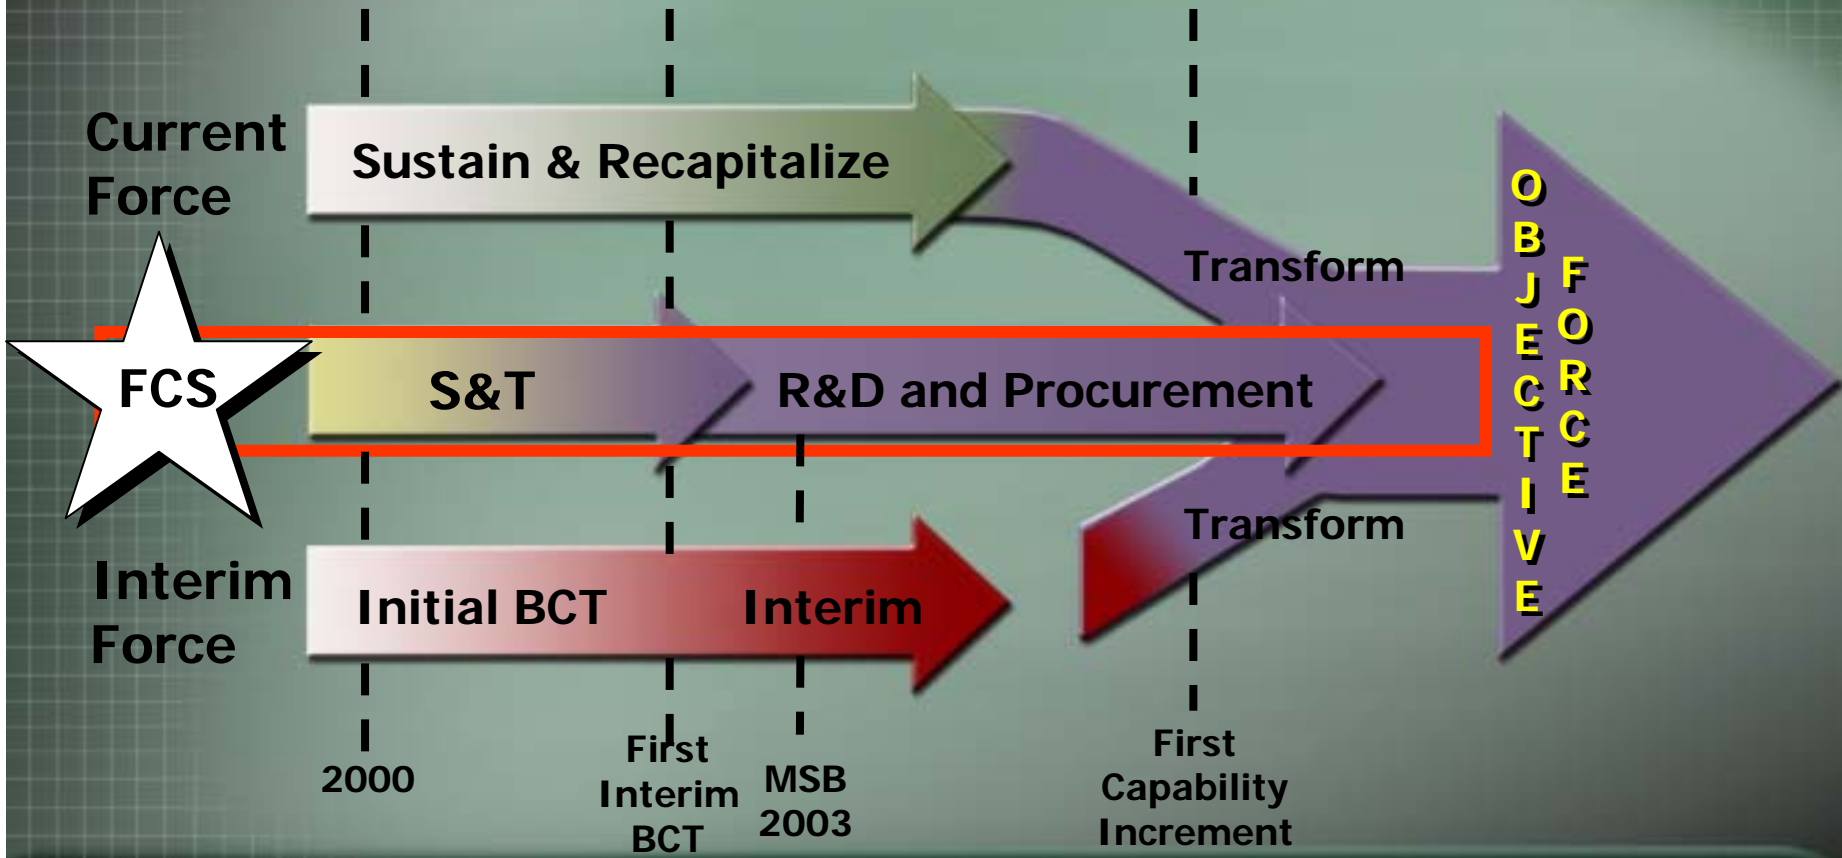

**Director,
Aviation & Missile
Research, Development, and
Engineering Center**

**U.S. Army
Aviation and Missile Command**

TECHNOLOGY

The Army's centerpiece for transformation is the "Future Combat System" (FCS)

... Responsive, Deployable, Agile, Versatile, Lethal, Survivable, Sustainable

FCS is the focus area for Military Technology

FCS Technologies

- Lethality
- Non-lethal effects
- Survivability
- C4ISR
- Mobility
- Sustainment
- Human Engineering & Embedded Training
- Robotics

FCS KPPs

- Joint Interoperability
- Networked Battle Command
- Networked Lethality
- Transportability
- Assured Mobility
- Sustainability/Reliability
- Training

**Management and leadership of FCS will transition
to the Army in FY03.**
