

Future – Much Is Unknown ???

- But some themes surfaced repeatedly –
 - Pennies = Bizarre Budget Process – We often chase Pennies with Hundreds of Dollars
 - Chihuahuas = Teamwork – little companies count (Beware of the Metrics' Chihuahuas)
 - Elephants = Globalization
 - » Offshore labor
 - » reliance on offshore funds;
 - Ethics – Must permeate all we do.
 - Change = Is Accelerating
 - Dwindling Resources = people, time and money, and
 - Bottom Line = We in Government and Industry are challenged to still maintain the world's best Army!

Sound Bites from Attendees:
